Nominee for Police Judge Sends in Cold and Curt Refusal.

Special to The Tribune. OGDEN, Oct. 14 .- The Democratic municipal convention today was a decided frost. convention was entitled to 113 delegates, but there were not more than forty delegates pres-

So little interest in seeking nominations was exhibited that there were no contests. Every thing went by acclamation and the voting strength of the convention was never tested during the building of the ticket.

Crowd Is Lacking.

There were just sixty-four persons in the courtreen, including spectators and newspaper men, and the comparison between this convention and that of the Republicans, when wention and that of the Republicans, when, with 125 delegates, 225 votes were cast on nearly all the nominations, was drawn.

After the call to order Judge W. L. Maginals was selected as temperary chairman and Dan Hamer as temperary secretary. Later the temperary organization was made permanent. A wag designated the convention as the appropriate obsquies over the Democratic party in municipal control in Ogden, with Judge Maginuls as chief mourner.

Stereotyped Platform.

There was nothing new in the platform. It reaffirmed allegiance to Democratic principles, condemned the patronness system of the Republican administration favored city ownership of public utilities and declared a change necessary for the benefit of the taxpayers. It was adopted without dissent.

Here Is the Ticket.

Following is the ticket named:
For Mayor-Dr. E. M. Conrey.
For City Anditor-Mrs. George F. Wade.
For City Attorney-John C. Davis.
For City Attorney-John C. Davis.
For Municipal Judge-L. D. Johnson.
For City Treasurer-James H. Riley.
Fen Ternes was no minated for the Municipal Judgeship, but declined.
After the ticket was filled Dr. Conrey was found to be in the corridor and was escorted into the convention hall.

Sentiments of Nominee.

Dr. Conroy did not express pleasure over the honor thrust upon him. He had tried hard to escape the infliction and only accepted because he helieved the city of Ogden was tired of "boss rule." He thought the attendance, though small, was a representative and particular to the control of the

Democratic chairman of the Democratic City
Committee:—Dear Sir—I have just been adised that the Democratic convention today

without my knowledge or consent. I would
not have the office under any consideration,
and am not and will not be a candidate for the
sume and hereby tender my declination therefor. Very respectfully, [T. D. JOHNSON."
This action on the peri of Johnson is similar
to that of S. W. Badeon, who was nominated
for Councilman in the Second ward and dedined. It is now given our that old Martin
cullon, the oldest railroad man in the service
of the Southern Pacific, will be substituted
for Mr. Badeon for Democratic Councilman of
the Second ward.

D SORES SAP THE VITALITY AND UNDERMINE Old Sores that refuse to heal are a constant THE HEALTH

menace to health. They sap the vitality and undermine the constitution by draining the system of its very life fluids, and those afflicted with one of these ulcers grow despondent and almost desperate as one treatment after another fails. They patiently apply salves, washes, plasters, etc., but in spite of all these the sore refuses to heal and eats deeper into the surrounding flesh, destroying the tissues and growing to be a festering, inflamed and angry mass. The source of the trouble is in the blood. This vital fluid is filled with impurities and poisons which are constantly being discharged into the sore or ulcer, making it impossible for the place to heal. It will not do to depend on external applications for a cure, because they do not reach the real cause, and valuable time is lost experimenting with such treatment, the most they can do is keep the ulcer clean. Any sore that will not heal is dangerous, for the reason that it may have the deadly germs of Cancer behind it. A cure can be brought about only through a remedy that can change the quality of the blood, and this is what S. S. S. does. It goes to the very bottom of the trouble, drives out the poisons and germs with which it is

S. the sore is supplied with new, rich blood which corrects the trouble, soon stops the discharge, and allows the place to heal naturally and permanently. S. S.
